Frameworks & Libraries	React.js, Node.js, Express, MongoDB, Tailwind CSS, Material UI, SQL, Redux, HTML, CSS, SCSS, BootStrap

EDUCATION

Raj Kumar Goel Institute Of Technology   **July 2019 — June 2023**
Bachelor of Technology in Electronics and Communication Engineering — 8.29 CGPA   *Ghaziabad, Uttar Pradesh*

Jain Inter College, Karhal   **April 2018 — April 2019**
Intermediate — 74.4%   *Karhal, Mainpuri*

Jain Inter College, Karhal   **April 2016 — April 2017**
High School — 75%   *Karhal, Mainpuri*

PROJECTS

Portfolio Website   **Jan 2024 — Feb 2024**
- Developed a responsive and animated personal portfolio website utilizing React.js and SCSS.
- Designed to showcase a collection of projects and skills effectively across various devices.
- Implemented interactive features and smooth animations to enhance user experience.
- Employed modern web development practices to ensure optimal performance and accessibility.

Study Notion: ED Tech Platform   **Aug 2023 — Oct 2023**
- **Skills**: React, Node.js, MongoDB, Express, Tailwind CSS, Cloudinary, bcrypt, JWT.
- The App supports student and Instructor login, Students can buy/view courses and Instructors can add them..
- In the Frontend used React components with tailwind and used Redux for centralized state management and scalability.
- Made RESTful API's using Express and Node to communicate with Frontend, Backend follows MVC Architecture.
- Some Key Features include User Authentication and Authorization using JWT, OTP verification for signup, media backup to cloudinary, payment integration, Password hashing for extra security.

WanderWell   **Oct 2023 — Dec 2023**
- **Skills**: Node.js · MongoDB · Express.js · Tailwind CSS · Cloudinary · bcrypt · BootStrap.
- This Project encompasses various components, including a user-friendly front-end interface, a dynamic back-end server and a robust database system.
- Built a RESTful API using Node.js and Express.js to handle user interactions.
- Integrated Google Maps API for location-based search and property mapping with MVC Framework.

Razorpay Clone   **Sep 2023 — Oct 2023**
- **Skills**: HTML5, CSS3, Tailwind-CSS.
- Built a web application that closely mimicked design of the popular Indian payment gateway, Razor Pay, using HTML Tailwind CSS.
- This project helped me improve my skills in web development and showcased my ability to replicate a well- known platform, demonstrating my attention to detail.

WORK EXPERIENCE

Intern   **04 2022 — 07 2022**
Netcamp Solution Private Limited   *Ghaziabad*
- Summer Internship with Industrial Training in Netcamp Solution Private Limited.
- An amazing experience of learning a lot about Android Development, Network Management and web development under our incredible mentor Mr.Santu Purkait sir and applying our learnings in real world.

CERTFICATE

Web Development Bootcamp (MERN Stack)
React js Developer
